PROFILE

Passionate Software Developer specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js), currently contributing to cutting-edge projects at TotalX Software Company, located in Hilite Business Park, Calicut. My development journey began with an internship at Softroniics, where I laid a strong foundation in full-stack development.

WORK EXPERIENCE

Web Developer 2025 - PRESENT

Total - X I Software company in Calicut, Kerala, India

- Build fully responsive and user-friendly websites optimised for all devices.
- Implement secure authentication systems using modern tools and best practices.
- Integrate multiple payment gateways (Razorpay, Stripe, HDFC, SkipCash) and write efficient cloud functions for app and web back-ends.
- Gained hands-on experience in both product-based and service-based development
- Create and publish reusable Node.js packages (NPM modules) for developers and integrate them into apps and websites.

Full Stack Developer 2024 - 2025

Softroniics | Software Training Live Industry Projects

- Built and managed scalable multi-vendor platforms with modern web technologies.
- Implemented secure authentication systems using JWT for role-based access control.
- Optimized MongoDB, including efficient querying, indexing, and pagination.
- Built high-performance backends with Node.js and Express.js.

- Bootstrap
- C and Java
- Astro
- Next Js
- GitHub
- Postman
- Redux
- Figma
- SEO (meta)
- Vibe Coding
- Socket.IO

PROJECTS

PRODUCT BASE

■ TotalX Payroll - Sub-Admin Dashboard

Automated Platform for Employee Management

- Built a responsive Next.js Payroll system with Razorpay salary integration, selfie-based geo-fenced attendance, QR-code login, and sub-admin dashboard for staff management, reporting, performance tracking, and SEO optimization.

🌐 Dashboard : <https://dashboard.payroll.totalx.io>

🌐 Portfolio : <https://payroll.totalx.io>

🌐 Company : <https://totalx.io>

SERVICE BASE

■ Instil Learning Hub

ACCA & CFA Learning Platform with Live Classes

- Developed a responsive Next.js learning platform with HDFC Payment Gateway, OTP login, live class recordings, lazy loading, and SEO-optimized scalable architecture for secure, high-performance, and seamless user experience.

🌐 Link: www.instillearninghub.com

■ Trade Doha

Best Business Listing Platform Site in Qatar

- Built smart search filters, event listings, pricing plans, and ratings with Next.js, Redux, responsive UI, and SEO optimization for seamless user experience.

🌐 Link: <https://tradedoha.com>

■ Diorra Gold & Diamonds

Online Store for Premium Jewelry Collections in Qatar

- Developed a responsive Next.js e-commerce platform for gold and diamond jewelry with Razorpay, cart, filters, SEO, lazy loading, and optimized performance.
